Fighting at Nace is expected at any time. At 11 cclock Thessiay morning acting consul Jorge Oroxoo was in tell policy of the month. The estimated cost of the phone communication with the berder town and was advised that there had been important movements by the May towns forces. The water tanks of the besingsare have been placed to the east of the bown, indicating that the head quarters will be located there and that the attack will be made from that direction. Should this be the case, the American town will not be directly in the line of fire, but it is feared that as soon as the attack begins it will become general from all parts.

Mr. Oroxoo has received no reply to his telegram to Antonio I. Vilareal, president of the Aguascalizates conference, protesting against the war-like moves of Mayrorean.

Centralizes Industry Here.

The HI Paso Union Stock Yards project at present involves no packing house project or feeding project. But without doubt it will tend to centralize the earths industry still more surely in El Paso, and by attracting the interest and investment of the big cattleman of the west, this undertaking will certainly result in important collateral developments as time goes on.

Cattleman call attention to the fact that El Paso is the logical outlet for the cottonwed of the Torreon district in Mexico, which, fed in commetted with our valley affalfa, ought to helpbuild up a big feeding industry here. As the valley develops, more bods will be raised, and upon the hog Industry and its development really depends the chance of establishing successful packing plants here.

Smith and Hayden May Win Reelection.

"Wets" and "drys" had meetings and long street parades Monday night, and political meetings of various kinds held in nearly all the larger cities and towns of the state.

Indications today are that the contest between "wets" and "drys" will be very close. Normally, the "wet" element would carry the election, but the women of the state, now casting their first hallot in an Arisona state election, furnish the element of uncertainty. It abpears that most of the women will vote for prohibition. If the women will vote for prohibition. If the women water continues heavy throughout the state and the dry element is able to muster its full male strength, the state will probably go dry.

He has very strong personal following, the support of the Democratic organization, and the personal endorsement of president Wilson J. Lorenzo Hubbell of Gannan, Apache county, Republican, is polling a strong vote in northern and northeastern Arisana, and a fair vote in Pima county, Mark Smith'h home county. J. I. Nelman, Trogressive, is considered defoated. Eugene H. Chaita, running as an independent supporting prohibition, is polling a heavier vote inan anticipated.

Carl Hayden, representative in congress, is manured of reelection, according to available estimates.

Neutrality That Counts.

Good, Stout Garments for Vote Is Heavy and Close; Valley Farmers to Meet at Chamber of Commerce Wednesday Evening.

Princeton, N. J., Nov. 1.—President Wilson came back to Princeton today to vote. At the railroad station he was arcested by a large crosed of students who gave him a noisy welcome.

The president walked directly to the polling place, located in a fire engine house. On the way he shook basis with muny old friends.

It took the president only two minutes to vote for the Democratic candidates for congress, legislature and shoriff.

"Number 59," announced the election ladge as the president emerged from the voting booth, indicating Mr. Wilson's order in the list of voters.

"No. 25," replied the president, meaning his Princeton class. A general laugh followed.

After voting, Mr. Wilson, walking through the Frinceton nampus, visited several friends.

It salivates! It makes you sick and you may lose a day's work.

Because of the unprecedented size of the ballot, the count will be extremely slow.

A flose fight is being made on the Miamil county division measure. The 80 percent measure will likely be defeated. Lack of interest is being manifested in the many other initiative and referendum measures.
